

User Acceptance Testing (UAT) Template

Date	18 June 2026
Team ID	
Project Name	ShopEZ – MERN Stack E-Commerce Platform
Maximum Marks	

Project Overview

Project Name: ShopEZ – E-commerce Application

Project Description: A MERN-stack online shopping platform where customers browse products, manage a cart, checkout and track orders, and admins manage products, orders and store settings.

Project Version: 1.0

Testing Period: 16 June 2026 to 28 June 2026

Testing Scope

- User registration, login and JWT-based session management for both Customer and Admin roles.
- Product catalogue browsing, individual product detail view and related item suggestions.
- Shopping cart operations including addition, removal and quantity adjustment, followed by checkout with a shipping address.
- Order submission, order confirmation display and access to full order history.
- Admin-side product creation and editing, order status management and store configuration settings.

Testing Environment

Client URL: <http://localhost:5173> | API URL: <http://localhost:5000>

Credentials: Customer and Admin test accounts created during setup.

Test Cases

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	User registration	Open Register; enter username, email, password; submit.	Account created; JWT returned; redirected to home.	As expected	Pass
TC-002	Login with valid credentials	Open Login; enter registered email & password; submit.	JWT issued; user logged in.	As expected	Pass
TC-003	Login with wrong password	Enter valid email, wrong password; submit.	Error 'Invalid Password'; no token issued.	As expected	Pass
TC-004	View catalogue	Open Products page.	All products are listed with price and image.	As expected	Pass
TC-005	Add to cart	Open a product; click add to cart.	Item appears in cart with correct quantity.	As expected	Pass
TC-006	Checkout & place order	Open Cart; enter shipping address; place order.	Order created, cart cleared, confirmation shown.	As expected	Pass
TC-007	View order history	Open Profile / Orders.	Past orders listed with status, newest first.	As expected	Pass
TC-008	Admin adds product (authorised)	Login as Admin; add a product.	Product saved and appears in catalogue.	As expected	Pass
TC-009	Customer blocked from admin route	Login as Customer; call admin-only API.	Response 403 'Access denied, admins only'.	As expected	Pass
TC-010	Update order status	Login as Admin; change an order to Shipped.	Order status updates successfully.	As expected	Pass

Bug Tracking

Bug ID	Bug Description	Steps to Reproduce	Severity	Status	Additional Feedback
BG-001	Expired token still cached on client	Wait 24h; perform a protected action.	Medium	Closed	Client now redirects to login on 401.
BG-002	Quantity could go below 1 in cart	Remove an item already at quantity 1.	Low	Closed	Item is now removed instead of going negative.
